

Recorders at bfx10

~ a list of recorder concerts taking place during the
2010 Berkeley Festival and Exhibition

PLEASE NOTE: while we have done our best to include every concert featuring recorder playing, both
mainstage
and fringe, we may have missed an event. This is in no way intentional.

NOTE: only the names of the recorder players are listed below. In many cases other
wonderful musicians are included in the concert. **See sfems.org for complete
information**
